Vu Tung Nguyen  
Head of Mission  
Vietnam Embassy in Seoul, the Republic of Korea

Dear Mr. Vu Tung Nguyen:

On behalf of KDI School of Public Policy and Management, I would like to convey my greetings to you and your colleagues at the Embassy.

KDI School is an international graduate school operating under the auspices of the Office for Government Policy Coordination. Since 1998 we have educated over 6,200 policy experts from 137 countries in the fields of development economics and public policy. Apart from graduate degree programs, we also offer various short-term training programs for public officials from around the world.

We are currently accepting applications for our **2023 Global Leadership Program**. We would appreciate your time and consideration in helping nominate qualified public officials from your country to apply to this program.

Launched after Korea's hosting of the G20 Leaders Summit in 2010, the Global Leadership Program aims to bring together experienced managers and stakeholders from various ministries and government agencies dedicated to advancing development goals. Utilizing a blended program format, we will hold seven online sessions covering various global and development policy issues, followed by a field study to Korea. This program is fully funded by KDI School.

In order to have a balanced group of emerging global leaders, it is our wish to have representatives from your country to take part in the upcoming program. Please refer to the additional information enclosed, and help us identify the best candidates from your country by sharing this information with the relevant parties.

Thank you in advance for your kind consideration on this matter. I hope that we have an opportunity to work with you further on this and other future opportunities.

With warmest regards,
